Re Addendum to United States Cellular Corporation's  
Petition for Waiver of Sections 20.18(e) and (g)  
of the Commission's Rules  
CC Docket No. 94-102

Dear Ms. Dorich:

United States Cellular Corporation ("USCC"), by its undersigned counsel, hereby amends its Petition for Waiver of Sections 20.18(e) and (g) of the Commission's Rules ("Waiver Request") and its Supplement to Petition for Waiver of Sections 20.18(e) and (g) of the Commission's Rules ("Supplement") to include newly acquired entities PCS Wisconsin, LLC and BVL Group, LLC.

USCC filed its *Waiver Request* on September 10, 2001, seeking a delay in the implementation deadlines for E911 phase II services throughout its network. USCC filed its *Supplement* on November 30, 2001 with an implementation plan for its TDMA networks. In response to the *Waiver Request* and *Supplement*, as well as to requests received from other similarly situated carriers, the Federal Communications Commission ("FCC") stayed the application of E911 phase II compliance deadlines for approximately seven months for Tier II carriers such as USCC.<sup>1</sup>

<sup>1</sup> See Revision of the Commission's Rules to Ensure Compatibility with Enhanced E911 Emergency Calling Systems, Phase II (Compliance Deadlines for Non-Nationwide CMRS Carriers, Order to Stay, FCC 02-210 (released July 26, 2002).

Subsequent to the *Waiver Request* and *Supplement* and the FCC's order to stay, USCC acquired control of two PCS licenses. On September 6, 2002 the FCC approved the transfer of control of PCS Wisconsin, LLC ("PCS Wisconsin") from Metcalf Company, LLC to United States Cellular Operating Company, a wholly-owned subsidiary of USCC.<sup>2</sup> This transaction was consummated on September 20, 2002.<sup>3</sup> PCS Wisconsin is the F Block PCS licensee in the Madison, Wisconsin BTA, Market B272F. The FCC also approved the transfer of control of BMG Group, LLC ("BMG Group") from BMG Communications Corporation to United States Cellular Company on September 6, 2002.<sup>4</sup> This transaction was consummated on September 17, 2002.<sup>5</sup> BMG Group is the F Block PCS licensee in the Stillwater, Oklahoma BTA, Market B433F, and the C Block PCS licensee in the Ponca City, Oklahoma BTA, Market B334F.

USCC's *Waiver Request* and *Supplement* are hereby amended to include its new entities, PCS Wisconsin and BMG Group. USCC will include the territories of its new entities in its roll-out and implementation plan for F911 phase II service as delineated in its *Waiver Request* and *Supplement*.

Please direct any questions regarding this matter to the undersigned.

Sincerely,

Jennifer Tatel
